## **VISION PLAN OF AMERICA AVAILABLE TO GROUPS, INDIVIDUALS & FAMILIES**

The American Association for Quality Health Care (AAQHC) has a vision program for its members provided by Vision Plan of America (VPA).

Good vision coverage is more than just a fringe benefit. It improves the quality of life for individuals who receive preventative care to catch minor issues before they impact daily life. More employers are attracting and retaining a qualified workforce with the addition of a comprehensive benefits package. The VPA member program is designed with both of these benefits in mind.

Enclosed you will find the vision plan brochure, which lists all benefits offered by the plan. Please select an optometrist from the list of well-established doctors in private practice. The list is available by clicking the VPA provider search button on our website, [www.AAQHC.com](http://www.AAQHC.com).
